

First announcement
VIII Moscow International Conference on Operations Research (ORM2016)
Moscow, the second half of October, 2016

Dear colleagues!

We invite you to attend the VIII Moscow International Conference on Operations Research. The conference will bring together scientists from all over the world to discuss theoretical aspects and various applications of operations research. Lomonosov Moscow State University (MSU), Federal Research Center "Computer Science and Control" of RAS (FRC CSC RAS) and Russian Scientific Operations Research Society (RSORS) will organize the VIII Conference in October 2016 in Moscow. Working languages of the conference are English and Russian.

Traditional topics of the conference include:

1. Optimization methods.	8. Computer-aided design.
2. Multiple objective decision making.	9. Game-theoretic models.
3. OR in economics.	10. Analysis of political processes and corruption.
4. OR in military science.	11. Markets and auctions: analysis and design.
5. OR in finance and banking.	12. Models for congested traffic.
6. OR in insurance and risk-management.	
7. OR in medicine, biology and ecology.	

We invite interested persons to submit proposals on organization of special sections and round tables till December 1, 2015.
